## TOOLS & TECHNOLOGIES

**Main :** .Net, Net Core, Mvc, NextJs, React, Nest, T-SQL, Git, Jira

**Familer :** Spring Boot, NextJs, Node, Angular, React, Nest, T-SQL, Docker,

## Experience

### December 2022 - October 2023

Near East Technology | Nicosia /Cyprus

#### Junior Software Developer

- I am involved in the software development process, utilising technologies such as .NET, JavaScript, HTML/CSS, TFS, and SQL
- Our focus lies in developing software projects, including modules for student management systems used by institutions like Near East University and Girne University.
- Worked on a project that help machinists manage their customers using NestJs and NextJs

### June- 2022 - August 2023

Tra Tech | Sakarya

#### Intern Software Developer

- I am involved in the software development process, utilising technologies such as .Net Core, React, HTML/CSS, Git, Trello, Docker and SQL
- Work within the scrum agile team to provide estimated effort and technical input to backlog management.

### March 2022 - June 2022

Ayzasoft | Şanlıurfa

#### Software Developer

- I am involved in the software development process, utilising technologies such as .Net Core, Git WindowsForms, API, Rest, and Sql.
- Enhancement, maintenance to windows application names ImgHukuk

### June 2021 - Agust 2021

Hru It Department | Şanlıurfa

#### Intern Software Developer

- I developed a pharmacy management system where pharmacists can log in with their own roles, sell and supply medicines, and manage balances.
- Net,Mvc, Html/Css, Js
